

RulesetCheckingToolProjectOutputReport

```
graph TD; A[RulesetCheckingToolProjectOutputReport] -- yellow --> B[FileDescription]; A -- cyan --> C[Rule]; C -- black --> D[Evaluation]; D -- red --> E[CalculatedValue];
```

The diagram illustrates a workflow starting from a root node 'RulesetCheckingToolProjectOutputReport'. This root node has two outgoing arrows: a yellow arrow pointing to 'FileDescription' and a cyan arrow pointing to 'Rule'. From 'Rule', a black arrow points down to 'Evaluation'. Finally, a red arrow points down from 'Evaluation' to 'CalculatedValue'.
